GIFTING

The Mini Catalogue

SIGNATURE HAMPERS & GIFT BOXES · 2026

Every Mahanaim hamper is composed by hand for one recipient — in Asokoro, with the same eye we bring to the gallery wall. What follows is a guide; your commission is entirely your own.

BODY · SOUL · SPIRIT

Our theme runs through every package. Each hamper is composed box by box — **Body** (care and rest: bodycare, towels, candlelight), **Soul** (nourishment: teas, chocolates, fine things to share) and **Spirit** (the mind: a table book, a game, a word worth keeping) — so every gift touches all three.

COMPOSED TO ORDER, NEVER PRE-PACKED

Nothing in this catalogue sits ready-made on a shelf. Every hamper is composed to your order — any item can be swapped, the palette tuned to the occasion, the budget honoured; fine non-alcoholic sparkling is always offered beside champagne. Contents shown are possibilities, not packing lists.

THE BOX ITSELF

Every hamper arrives in a keepsake Mahanaim box — tissue-lined, ribboned and sealed with our wax stamp; the grandest commissions travel in our studded keepsake trunks (page 13), made to be kept long after the last chocolate is gone. A handwritten note travels with every gift.

Fourteen signature hampers in three collections. Guide bands — every commission is composed to its recipient.
